

CONSULTING & COACHING

Our consultants are **proven change leaders** who know how to drive and sustain change.

Improvement Projects

We partner with school and system leaders to skillfully meet thorny challenges and effect lasting positive change. Using a field proven, research-backed approach, we'll help you and your team see and realize the power and possibilities in your organization. Here's how we tackle the work:

Improvement Specialties

Our consultants serve as a critical friend and partners to school and system leaders, working side by side to drive a long-term, conscious change process that produces lasting results. Our current specialties include, but are not limited to:

- Academic Programming Design
- Evidence Driven Instruction & Leadership
- Instructional Leadership & Supporting Systems
- New School Start-up
- School Design
- School Turnaround
- Strategic Planning
- System & School Leadership (for District Leaders)
- Teacher & Leader Recruitment, Retention, & Development

Got a different project for us? [Contact us](#) and let's see what we can do.

Leadership Coaching

Let us help you become the powerful, conscious leader you were born to be. After a thorough strengths and needs assessment, our rock star coaches will tailor a unique program for you based on your specific needs as a leader. We'll support you through a mix of on-the-ground and remote support. Here are some of the things you can expect from our coaches:

- Customized **individual development plans** (IDPs) that will drive your development for the year.
- A **fiercely optimistic approach** to coaching that leverages your strengths and enables you to become your best professional self.
- **On-the-ground support** that includes real time coaching, planning, and problem solving.
- Live remote, **video coaching** and real-time problem-solving support. We'll Skype in and meet you live in the moment or help prepare you for tricky leadership challenges.
- Regular **evidence investigations**. We'll review of video, data, etc. to help you discern skillful ways of meeting leadership challenges as they arise.
- Lots of **laughter**. We love our work, and we love our leaders.

Surprise yourself at how brilliant you can be. [Contact us](#) to learn more!
